Ottawa Women's Canadian Club Day Trip - Wednesday, May 31, 2017

This spring, enjoy a drive to Brockville to visit **Fulford Place**. Where you will discover the story of Senator George T. Fulford, explore the grand Fulford mansion and marvel at the many original family furnishings. Stroll through the restored Olmsted Brothers gardens and immerse yourself in Ontario's rich heritage.

We will have lunch in the historic **Mill Restaurant** in Brockville. Built in 1852 as a Grist Mill, renovated in 1982 as a restaurant, and in 1986 received an award for architectural preservation from the City of Brockville's local Architectural Advisory Commission.

From Brockville we will travel to Prescott to visit the **Homewood Museum**, home of Dr. Solomon Jones. Discover the story behind the internationally-known Red Fameuse apple. See where seven generations of the Jones family chose to call home and immerse yourself in Ontario's rich heritage.
